Japs Are Not Anxious.

LONDON, June 10.—It is stated in an authoritative quarter today that Japan is not desirous of negotiating peace just now and believes it will be much better for the lasting nature of the peace agreement if hostilities do not end until after the next land battle. Japan is confident that Oyama will administer a decisive defeat to Linevitch which will enable the Japanese to enforce more advantageous terms, including the disarmament of Vladivostock.

Favorable Replies Expected.

WASHINGTON, June 10.—Secretary Loeb declined this morning to either affirm or deny the report the formal answer to the president's peace note have been received, but favorable replies are believed to be on the way from both Japan and Russia. The general opinion here is that assurances were given the president before they sent the identical note that his suggestions would be accepted.

(Scripps-McRae Dispatch.)  
JUNTY, Wis., June 10.—This town was almost wiped out by a cyclone Thursday. Forty people were injured, but none fatally. PHILIPPINOES ARE TO  
BE UNDER MILI-  
TARY AGAIN

(Scripps-McRae Dispatch.)  
WASHINGTON, June 10.—The Army and Navy Journal prints an article showing that Ladroneism is again rampant in the Philippines and that the constabulary is utterly unable to cope with the situation. The substitution of military control in disaffected districts is recommended. The paper says in Samar several thousand Pulajane outlaws have instituted a reign of terror. Large bands of outlaws are committing serious depredations in Cavite province.

Father Hofer the St. Joseph priest who was captured in a monastery near Dubuque yesterday is still in jail, bail to the amount of \$1,500 fixed by the court, not yet having been furnished.

Council Kills Oil  
Tank Ordinance

Despite the ordinance drawn up by the city attorney sometime ago providing for the removal of the tanks of the Dubuque Oil & Tank Line company, these tanks will not be "planted."

The council last evening killed the ordinance with only four dissenting votes, as it was shown that it was a measure directed against the independent company whether intentional or unintentional. The city attorney did not venture an opinion on the case.

RUNAWAY ALL  
BUT FATAL

His team of farm horses terrified by an approaching locomotive, and riding on top of a heavy wagon loaded with farm produce, A. Richmond, a farmer residing on the West Salem road, was the victim of a runaway on lower Mill street this afternoon, which nearly resulted fatally.

He was pitched from the top of the wagon to the pavement, striking on his head. When bystanders picked him up he was unconscious.

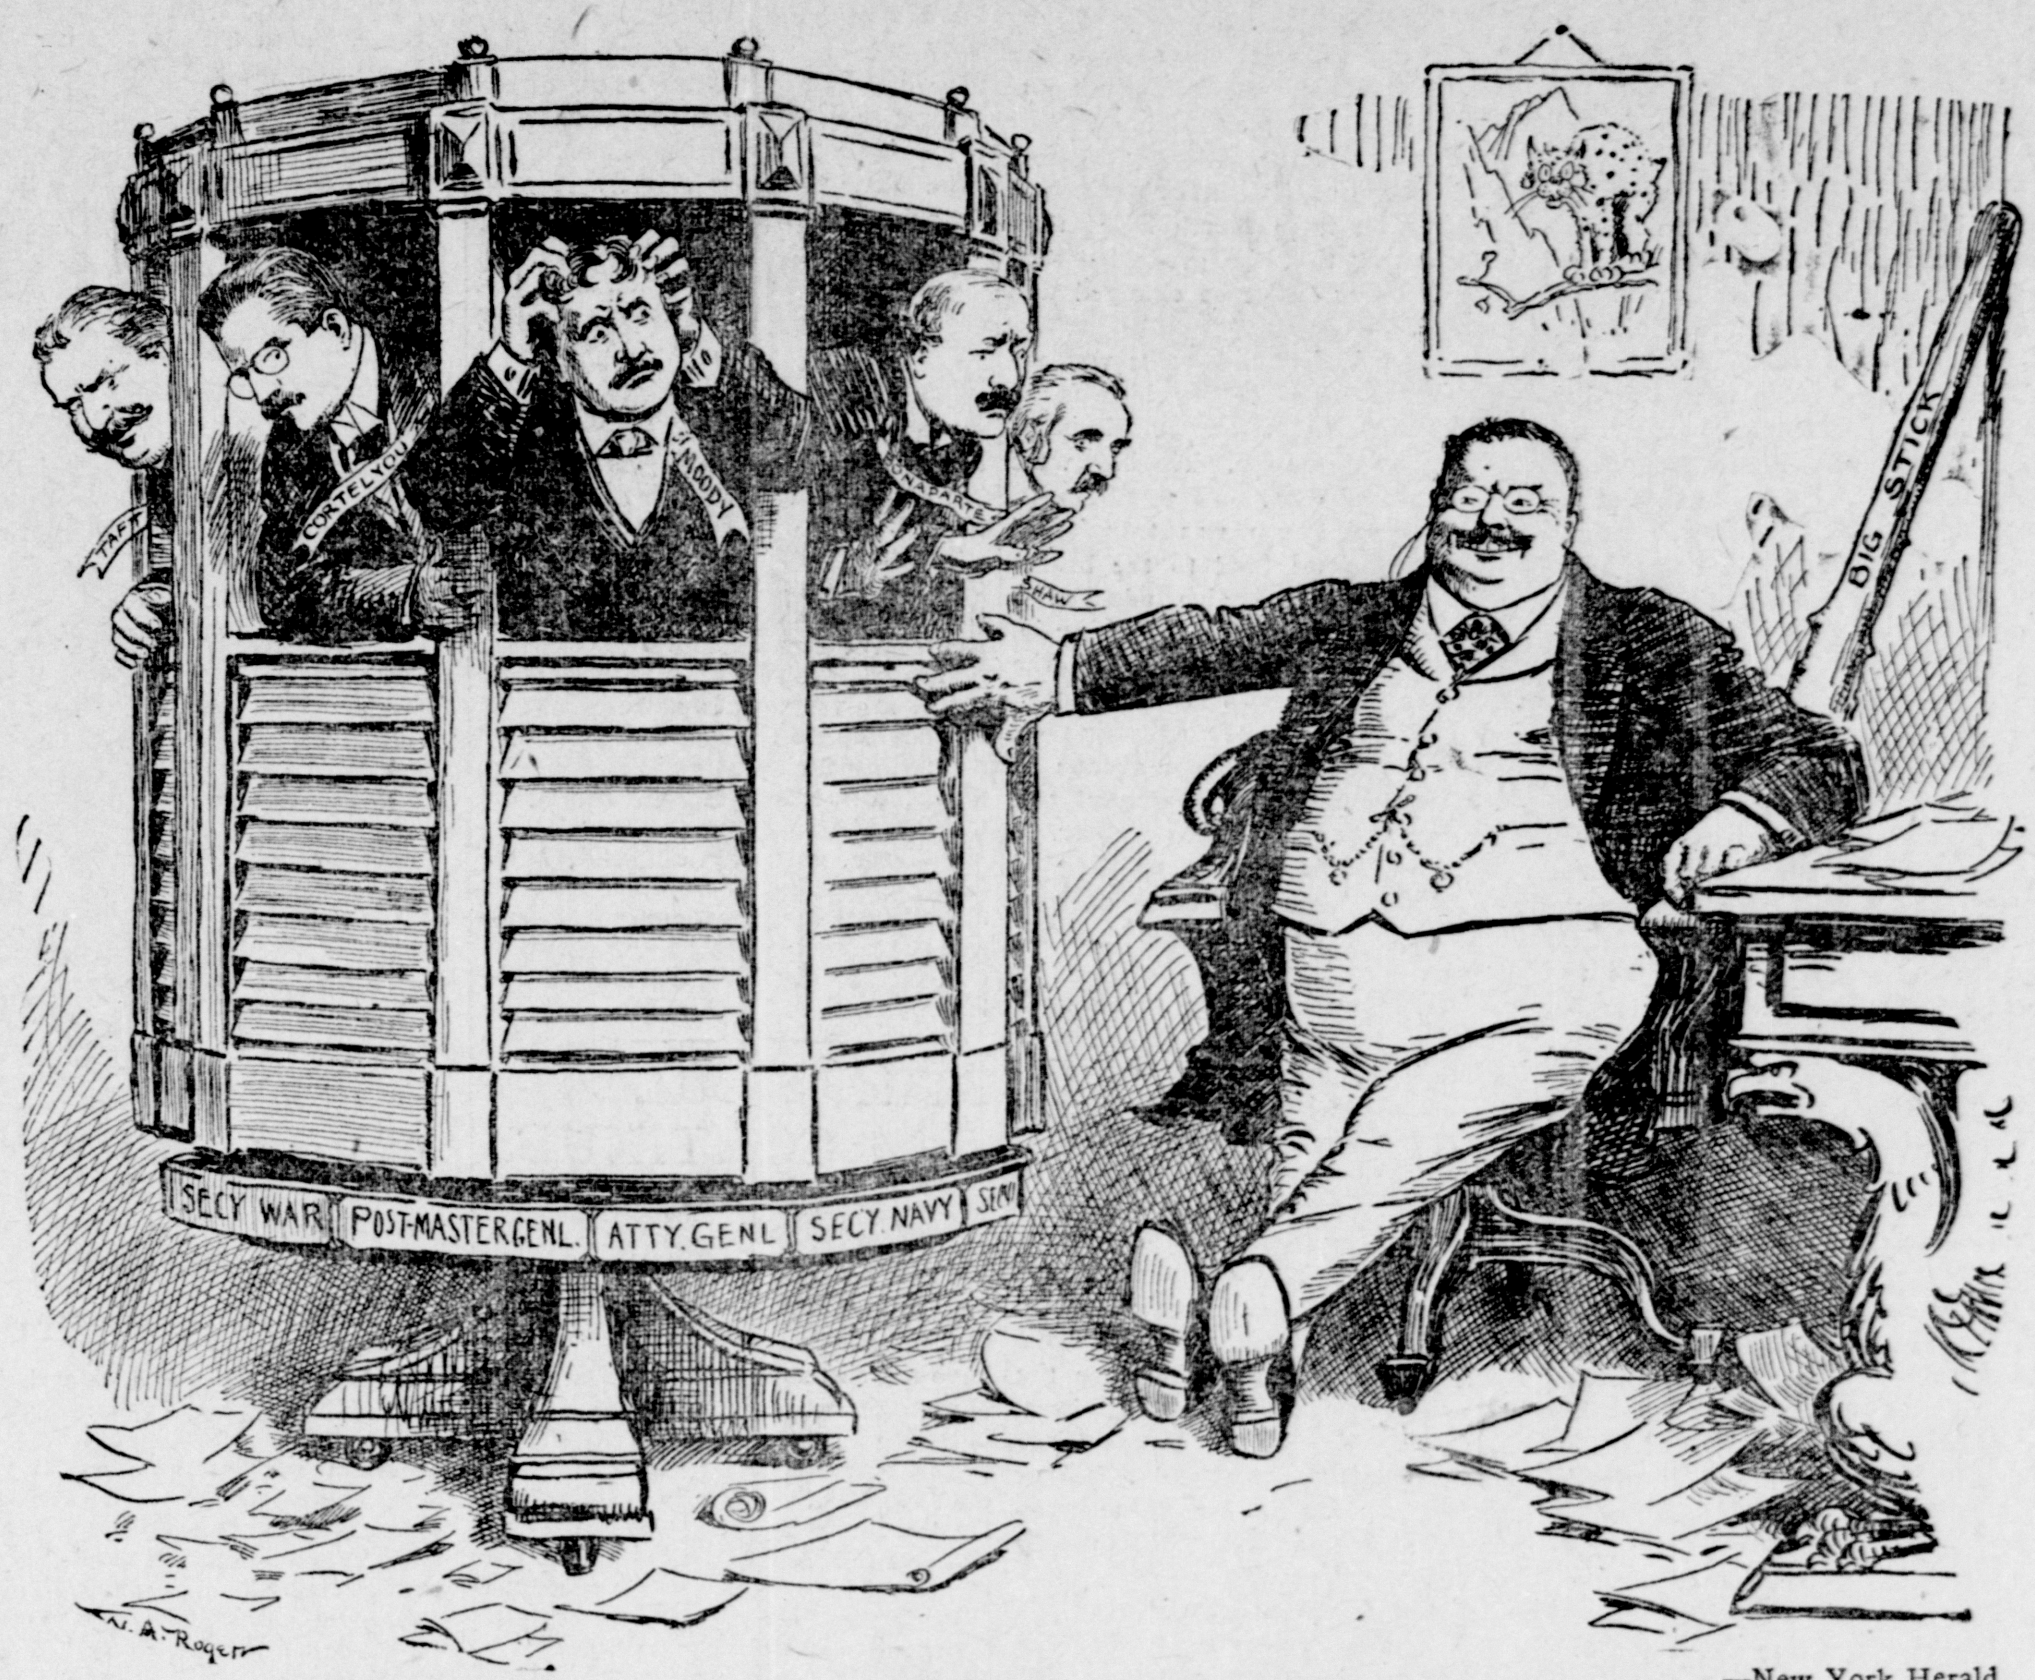

Dr. Suiter was called, and he was taken to the La Crosse hospital in an ambulance at once. It is not known whether his skull is injured or not. His head was badly cut and he had a severe contusion on the forehead.

The Passing Show

Much interest is manifested in the appearance at the Bijou next week of the Evans Trio in the "Passing Show." This one act comedy has attracted attention in the United States and Canada and will be presented at the Bijou in an able manner. There are also a large number of exceptionally good vaudeville acts on next week's program.

THE ROOSEVELT REVOLVING CABINET

RUBBER MILLS CO.  
TO EMPLOY 300  
MORE HANDS

IF CITY WILL  
PUT IN ROAD

The La Crosse Rubber Mills company of the north side will shortly make a proposition to the city of La Crosse wherein the concern agrees to increase its number of employees by 300 additional hands at once if the city will build another causeway over the marsh connecting Tenth, Eleventh or Twelfth streets on the south side with Loomis street on the south side.

The estimated cost of the work will be about \$25,000 and the work if started will take some time to complete. The causeway at this point is about two miles in length.

The Rubber Mills company is one of La Crosse's greatest industries and the matter is now already being talked of by members of the La Crosse Progressive association which organization will probably take the matter in hand at its next meeting.

The Progressive association has already entertained the sentiment that the support of a local concern of good standing and value to the city if of far greater importance than endowing outside industries of a questionable nature.

HAS ALFONZO FOUND  
A WIFE?

(Scripps-McRae Dispatch.)  
LONDON, June 10.—King Alfonso left today enroute to Madrid. His visit has revived the talk of the possible marriage of Alfonso and Princess Patricia of Connaught.

Four Conventions  
for Next Week

The Catholic Order of Foresters, the Grand Encampment of the G. A. R., the State Assembly of the Spanish-American War Veterans and the sessions of the Woman's Relief Corps will all be held simultaneously, commencing Tuesday, June 13th.

This will be the busiest convention week ever experienced in La Crosse, and the local hotels despairing of being able to handle the crowds have engaged every available vacant room in the central portion of the city.

INSANE MAN THINKS HE  
IS SON OF THE ALMIGHTY

Andrew Johnson Who Escaped From  
Asylum is Found on Farm of C.L.  
Hood and is Captured

Andrew Johnson, an insane man who escaped from the West Salem asylum last Sunday for whom the authorities within a radius of 100 miles have been in search, was captured yesterday afternoon, on Attorney C. L. Hood's farm a few miles southeast of this city.

Johnson made his appearance on the farm just before supper time and accosted Mrs. Hood asking for food. She later noticed that something was wrong with him and telephoned the sheriff asking if the man was wanted. The man was kept at the Hood farm until the officers from this city got him.

Andrew Johnson is a harmless patient, his mania being an idea that he is a king and resembles Jesus Christ. He was transferred from Mendota to West Salem several months ago, and has occasioned no trouble therefore. He walked away from the institution Sunday and has since subsisted by begging along the country roads.

IN WISCONSIN  
NOT LIMITED

SENATE KILLED  
BILL TODAY

(Tribune Special Dispatch.)  
MADISON, June 10.—The senate today killed the Frear bill to limit the issues of stocks and bonds of railroads on property in Wisconsin.

Senator Frear made a long argument for the measure and Senators Whitehead and Roehr opposed it as impracticable to attempt in this state to supervise and regulate the issue of securities which may be for the building of the road or a branch in another state. The final vote was 8 to 18.

The Irvine bill for the same purpose was laid over for amendment and may be fixed up and passed.

The assembly joint resolution looking toward a constitutional convention was killed.

The bill to authorize the appointment of an inspector for rural schools of the state was killed, that argument being made that it was useless to hire one man to inspect all of 7,000 country schools.

(Scripps-McRae Dispatch.)

Straw Works Bankrupt.

The Northwestern Straw Works company of Milwaukee of which Frank Bigelow was vice president, was thrown in voluntary bankruptcy today on petition of Schoellkopf, Westphal & Hanna of Milwaukee and others.

To a friend this morning Bigelow said: "The anxiety and doubt is far worse than the most awful truth. I wish to God it was all over."

To United States Attorney Butterfield he said: "Butterfield, have it over with. I will plead guilty this afternoon."

MILWAUKEE, Wis., June 10.—M. C. Matens in a petition to the referee in bankruptcy charges fraud against F. G. Bigelow and asks the Wisconsin Trust company to show cause why it holds 150 shares of American District Telegraph Co. in trust for the benefit. Mortens as receiver of the Wisconsin Automatic Fire Service company, charged that Bigelow as a trustee refused to transfer the stock with the willful intent to defraud.

All arrangements have been perfected by the local lodge of Elks for attending the state convention of Elks which will be held at Madison Tuesday.

The committee in charge of arrangements, composed of Walter Hosley, E. A. Gatterdam, John C. Burns, Tom Burns and S. La Chapelle, has issued an announcement that the preparations for the Elks' departure have now been perfected in detail.

The local committee has made arrangements for a special to leave La Crosse over the C. M. & St. P. road at 12:40 (noon), Tuesday, June 13th, arriving in Madison at 5:30 p. m. Returning it will leave Madison about 11:45 p. m., Wednesday, June 14th, arriving in La Crosse at 7 o'clock a. m.

A sleeping car will be attached at Madison so that the travelers will get a good night's rest after the convention.

About seventy-five will attend the convention from this city and every effort will be made to bring the next convention to this city.

The special rate of \$5.35 which has been made to the Elks will also be extended to others who wish to go to Madison at this time, and the lodge will be accompanied by many friends.

The Catholic Order of Foresters' convention will be held in this city next week beginning Monday.

# TRIBUNE WINS VICTORY AND SAVES TAXPAYERS MONEY

## PUBLIC NOT TO BE HELD UP BY CONSPIRACY THIS YEAR

### Independent Paper to Print Proceedings for 75c Per Page

The taxpayers of La Crosse will not be held up for outrageous prices for the publication of the city council proceedings for at least the coming year.

The city council last night awarded to the La Crosse Tribune Publishing company the contract for publishing the council proceedings in pamphlet form for 75 cents per page. This is almost half the amount of the next lowest bid which was \$1.35 per page by the Evening Organ of the "System."

At 75 cents per page the Tribune company will make a fair profit on its contract.

The bids were as follows, the Morning Organ being seen to "graciously and philanthropically step aside" that its "rival" the Leader-Press might have the field according to the alleged agreement:

La Crosse Tribune .....\$ .75  
Leader-Press ..... 1.35  
Schertz-Wiltz Co. .... 1.45  
Gardner Ptg Co. .... 1.50

**High School Bids.**  
The sale of the \$20,000 bonds for a new fire station was confirmed by the council and bonds ordered delivered.

The plans and specifications for the new high school were again presented by the board of education and the board of public works as instructed to advertise for bids for its erection.

The sale of the high school bonds for \$100,000 was approved and these ordered delivered.

**Small Crackers Only.**  
The Fourth of July ordinance was passed, allowing explosive firecrack-

ers to be used when they do not exceed one inch in diameter and five inches in length. A penalty was provided for violation of the ordinance.

**Car Company Kicks.**  
The street railway company has, since being assessed \$1,710 for macadamizing of South Seventh street, removed one of its tracks on that street and now objects to the assessment and last evening presented a communication to the council wherein the company called attention to the size of the assessment, above what was charged on other streets, and offered to compromise by making a payment to the city of \$1,085.

The matter was referred to the judiciary committee without discussion. A resolution was presented by Alderman Lang, providing for the repair of the West avenue macadam near the Green Bay tracks and the street is now three feet below grade. He called upon city engineer Frank C. Powell to explain the laying of this macadam below grade. The city engineer replied that it is at present up to ordinance grade.

**To Buy Adding Machine.**  
A resolution providing for the appropriation of \$375 for an American Arithmometer for the city hall was referred to the finance committee. The adding machine in question has been on trial in the city clerk's office and the office of the board of public works for some time and is greatly needed.

The board of public works received only one bid for the erection of the band pavilion at Myrick park and as this was about \$300 above the original estimate it was not accepted.

A petition was granted for an electric light on Market street at the corners of Eighteenth street, and Twenty-second street.

A \$125 gong was ordered for fire station No. 5 and a fire alarm box was ordered placed on the corner of Eighth and Tyler streets.

**Must Put Wires Down.**  
The petition which was brought in at a recent meeting by the Wisconsin Telephone company asking that they be allowed to maintain their aerial lines in the alley between Sixth and Seventh and King and Main streets was denied and the company was ordered to conform with the ordinance.

A petition from North Side residents asking that the grade between Rose and Car street be changed was referred.

The board of public works was authorized to advertise for bids for a new lighting system on the Mississippi river wagon bridge. The bids were not to exceed \$430.

A sum of \$2,000 was transferred from the general fund to the bridge fund. The council also adopted a resolution providing for the filling in, riraping and macadamizing of the bridge road leading to La Crescent.

A petition for water extension on Jackson street from West avenue to Eighteenth street was presented and referred to the committee on water.

A bill of \$163 for the printing of Prof. Davis' water report as ordered by the council was granted and ordered paid.

Adjournment was then taken until June 22.

**Street Money Not Yet Received.**  
A bill of the La Crosse Stone company for part payment on the brick pavement was not audited by the comptroller for payment by the council last evening owing to the absence of funds wherewith to make payments. The money for the city bonds recently sold, explained the comptroller have not been received and therefore the bill cannot be paid until this gets here.

Tow bills of the Stone company aggregating about \$4,000 and a bill of Woolley & Hanson for \$2,500 were audited and paid, these bills taking what money remained in the fund.

**Bicycle Ordinance Killed.**  
The bicycle ordinance proposed at a recent meeting and referred providing that hereafter no bicycle will be allowed to be used on any sidewalk inside the city of La Crosse was killed by the council all of the aldermen being against it.

## WEATHER IMPROVES TRADE

New York, June 10.—R. G. Dun & Co.'s Weekly Review of Trade says: Although trade reports are still irregular and in many cities below expectations there has been improvement in response to higher temperature and less rain. Manufacturing activity is fully maintained in textile fabrics, and there is an enormous output of iron and steel, despite some reduction from last month's record-breaking rate of production. Building operations are large and materials in excellent demand. Foreign commerce for the last week at this port shows a splendid gain compared with 1904, imports increasing \$3,137,944 and exports gaining \$1,470,305.

Textile manufacturers are in a strong position, buyers gradually appreciating the changed situation. There is little speculative buying, but more disposition to provide for future requirements. Prices are very firm. Further weakness has developed in packer hides, the only supporting factor being the light supply of cow hides that are sought by tanners of upper leather.

Failures this week in the United States are 216, against 198 last week, 211 the preceding week and 227 the corresponding week last year. Failures in Canada number 20, against 29 last last week and 20 last year.

## STRIKE LULL CONTINUES

Chicago, June 10.—The lull in strike negotiations continues, but the slugs continue to be busy, though the police have not so many mobs to fight. Sheen, the strike leader, was summoned to Wheaton to give testimony in a case coming over from the great A. R. A. strike in 1894, so he was out of town. He is said to have suggested that he and Counsel Mayer be eliminated from the next conference, but Mayer put the "kybosh" on this by saying that in any conference in which the employers took part he would be present, and that the employers had no other terms to offer than were already known.

The Team Owners are still on the ragged edge. It is said that Rend has reached the limit of his patience and is inclined to break with the truck drivers and start the fight along the whole line, but that the others are still "waiting for something to turn up." The strikers are still hopeful of making settlement with individual employers, but the latter have adopted the union motto: "Each for All and All for Each," and say they will stick it out for a general settlement.

## MANY PEOPLE HAVE CATARRH OF KIDNEYS AND DON'T KNOW IT.

Backache, the First Symptom of Kidney Trouble.

Pe-ru-na Is Invaluable in Such Cases.

Prominent Persons Who Have Been Cured.

Daniel D. Bidwell, Supervisor, Notary Public and a member of I. O. O. F., 160 Pearl street, Buffalo, N. Y., writes:  
"Having used Peruna for a short time, I desire to write you as to my present condition.  
"When I obtained Peruna I was suffering from chronic indigestion and kidney and bladder trouble. It seemed to help the circulation at once. My digestion is now perfect and my kidneys and bladder do not trouble me in any way. In fact, I give Peruna the entire credit.  
"Hoping that your remedy will reach all sufferers in a similar case, and thanking you, I remain,"  
Daniel D. Bidwell, N. Y.

ALFONSO DALJORES

**Dangerous Kidney Diseases Cured.**

At the appearance of the first symptom of kidney trouble, Peruna should be taken.  
This remedy strikes at once the very root of the disease.  
It at once relieves the catarrhal kidneys of the stagnant blood, and prevents the escape of serum from the blood.  
Peruna stimulates the kidneys to excrete from the blood the accumulating poison, and thus prevents the convulsions which are sure to follow if the poisons are allowed to remain.  
It gives great vigor to the heart's action and digestive system, both of which are apt to fail rapidly in this disease.  
Peruna cures catarrh of the kidneys simply because it cures catarrh wherever located.

A South American Cured by Pe-ru-na.

Count Alfonso d'Aljores, of 287 Plan del Torro, Buenos Ayres, South America, while visiting in Chicago, wrote from 26 Cleveland avenue, that city, as follows:  
"I used Peruna a short time ago to build up my system, which was all run down from overwork, worry and a cold which had settled in my back and kidneys, causing me serious annoyance and trouble.  
"When I returned home from work at night, I was so exhausted and worn out, together with the pain in my back, that I felt I would never be able to take up the burden of life again in the morning, but when morning came I would get out somehow. This dragging through life continued for a couple of months, when I decided I would take Peruna.  
"I am glad to state that I found it just the medicine for me. In a couple of months I was restored to perfect health and strength, and my work was no longer a burden. I therefore endorse your medicine as worthy of the confidence of the sick."  
Alfonso d'Aljores.

A remedy that cures all the catarrhal derangements of the kidneys should certainly be considered a household necessity. Peruna is such a remedy.  
**A Prominent Merchant Restored to Health By Pe-ru-na.**  
Mr. John Nimmo, 215 Lippincott St., Toronto, Can., a prominent merchant of that city, and also a member of the Masonic Order, writes:  
"I have been in poor health generally for over four years. When I caught a bad cold last winter it settled in the bladder and kidneys, causing serious trouble. I took two greatly advertised kidney remedies without getting the desired results.  
"Peruna is the only remedy which was really of any benefit to me. It seemed to act in perfect harmony with the system, eliminating the poisons, stopping the ravages of the disease and gradually restoring me to health and strength.  
We have on file many thousand testimonials like the ones given here. We can only give our readers a slight glimpse of the vast array of unsolicited endorsements we are receiving every month. No other physician in the world has received such a volume of enthusiastic letters of thanks as Dr. Hartman for Peruna.  
All correspondence held strictly confidential.

The city has been in gala attire during the week in honor of the various conventions which have been held. Flags and bunting in lavish profusion have added to the attractiveness of the streets.

Each incoming train has been filled with visitors and delegates who have found quarters at the various hotels or with friends.

There have been all sorts of festivities, receptions, luncheons, carriage and motor rides, river excursions and many private entertainments have been given for their benefit. The Foresters a hundred strong were the first to arrive on the scene of action, before their departure of the state medical convention put in their appearance. Next week the encampment of the Wisconsin department of the Grand Army of the Republic will be held for which great preparation has been made and we may look forward to another week of pleasure and excitement.

#### BURKART-ROTH.

The marriage of Miss Josephine Burkhardt and Mr. Martin Roth was solemnized Tuesday morning June 5th at St. Joseph's cathedral by the Rev. G. Shlyter. The ceremony was very impressive, high mass being celebrated after the marriage. The cathedral choir rendered some fine music and Mr. William Fries sang a solo, Miss Sophie Marquardt, a niece of the bride, was bridesmaid and Joseph Roth, a nephew of the groom, was best man. The ushers were Messrs. John Williams and William Fries. After the ceremony a reception was held at the home of the bride's parents, Mr. and Mrs. Julius Burkhardt, 1025 Main street. There were about eighty guests present, all relatives and intimate friends. The bride's gown was of ivory white liberty satin. She wore a veil and carried bride's roses. The bridesmaid wore a white embroidered French organdie and a picture hat. The rooms were filled with choice flowers and vines. The bridal table was decorated with smilax and white ribbons. Miss Lena Bayer drew the ring and Miss Laura Olson caught the bridal bouquet, both omens of good luck and which their friends will watch with interest. Mr. and Mrs. Roth left on the 11:10 train for Detroit and other eastern points. They will be absent a couple of days. When they return they will go to a pretty little home at 1502 State street, which has been furnished and put in order for their reception.

The wedding of J. J. Poehling to Miss Jane Metz took place June 8th at the home of the latter at Nashville, Tenn. After a wedding trip Mr. and Mrs. Poehling will make their home at Ninth and Badger streets.

#### MUSICAL.

One of the leading events of the coming week will be the recital given at the home of Mr. W. S. Cargill, corner of Cass and Twelfth street, Friday evening, June 16th. Mrs. Rose Manning Morphy has kindly consented to give this recital for the benefit of the South Presbyterian church, which is a rare treat to hear, and while she has appeared here in oratorio and the different churches this will be the first opportunity La Crosse people have had of hearing her in recital. Mrs. Morphy will be ably assisted by Miss Charlotte Simon, violinist, who has just returned from Chicago, where she spent the last four years in study under Jacobson. The Liszt quartette, consisting of Miss Alida Lindsey, Mrs. Evelyn Lawson, Miss Barbara Russell and Mrs. Rose Manning Morphy, will be heard on Friday evening for the first time. These ladies as individual soloists need no introduction, and as a quartette we anticipate excellent work. After the musical program light refreshments will be served.

#### FIVE O'CLOCK TEA AT THE COUNTRY CLUB.

Wednesday afternoon Mrs. L. C. Colman was hostess at a pleasant informal tea at the Country club. The guests went at an early hour, and spent a delightful social time, watching the golfers, and admiring the grand old bluffs or regaling each other with entertaining talk while their nimble fingers busied themselves with dainty fancy work. The invited guests were Mesdames S. W. Anderson, J. J. Ablet, G. W. Burton, W. W. Cargill, Ed. Colman, H. L. Colman, D. Cunningham, C. J. Felber, W. R. Finch, A. S. Farnam, L. F. Easton, F. H. #### FIVE O'CLOCK TEA.

Mrs. C. W. Dickinson gave a large five o'clock tea Thursday afternoon. The house was filled with beautiful and fragrant flowers making a delightful setting for the pretty summer toilets. The dining room proper was thrown open and refreshments consisting of cake, ices and punch were served from tables decorated with red and white peonies. It was a decided pleasant and social occasion. Krutz's orchestra enlivened the scene with catchy music and all went "merry as a marriage bell." The arrangements were perfect throughout, everyone seeming happy and pleased and glad to be alive.

#### RATHBONE SISTERS' PICNIC.

Thursday afternoon and evening Dr. and Mrs. Watterson entertained the members of the Rathbone Sisters at a picnic at Camp Watterson on French Island. The afternoon was spent in playing games, and trying their skill at riding a Shetland pony which seemed to be possessed of some of the characteristics of the renowned goat which takes a prominent part upon occasions of lodge initiations. It created no end of fun especially when the rider was thrown several feet in the air landing in a heap on terra firma. In the evening dancing was in order on the green. It was a delightful affair.

#### DINNERS.

Monday evening Mrs. William Tillman celebrated her birthday by giving a dinner to a number of her old friends. Dinner was served in the private dining room which was prettily decorated. In the center of the table was a large bunch of lilies. At each plate was a carnation and name card. Those present were Mesdames John Baenzinger, C. #### RIVER EXCURSION.

The excursion on the new steamer "W. W." Friday evening in honor of the medical convention was largely attended in spite of threatening weather. Refreshments, music, dancing and recitations constituted the program. The hit of the evening was scored by Lillian Smith, who recited for the doctors the following poem especially written for the occasion by Mrs. A. A. Maurer and called "The Pendix Cure of the Old Voodoo." Roars of laughter and bursts of applause were so frequent that the young speaker was obliged to repeat the poem several times, receiving at the last a most generous donation from her delighted audience:

I'm powerful glad to gib you greeting,  
Fo I've often heerd de white folks tell

## A DESERVED REBUKE.

Last evening the city council killed a proposed ordinance of most vicious character. It was the measure drawn by the city attorney requiring that oil tanks be placed under ground, and prescribing the distance from dwellings at which they must be kept.

If oil tanks are safest under ground, they should be put there. We do not know, but we do know that anyone knowing the circumstances and reading the ordinance would have imagined that it had been written by Standard Oil rather than by a city official.

The requirements of the ordinance were in effect an edict that the Independent Oil company must get outside the city limits. A law that says that one company must not get nearer than a certain number of hundreds of feet to a dwelling house, but that permits another company to stay in the heart of a populous business section, is a bad law; an ordinance that defines "underground" as meaning "no more than two feet above the ground," when one concern has tanks just two feet above the ground, gives the impression that it was purposely drawn so as not to disturb the latter company, and at the same time to regulate the former.

The fact is that all oil companies should be compelled to protect the citizens and their property. But so palpable an effort to discriminate against an independent concern and in favor of a great trust, fully deserved the rebuke it received by the common council of the city of La Crosse.

## FRIENDS WANT VETERAN AT CONVENTION

Through some misunderstanding Victor Wolf, an aged veteran of the Mexican, civil and other wars, who is now a resident of Eau Claire, arrived in this city last week, to attend the state encampment of the G. A. R. Veteran Wolf had been misinformed on the dates of the convention and re-

turned to his home after spending a day in the city with friends. These friends, of whom Mr. Ed Cronon is one, are now very anxious that Mr. Wolf attend the convention, which opens next Tuesday and his presence is desired by the combined G. A. R.

Mr. Wolfe is 81 years of age. He served in the Mexican war and in a war with Indians in Florida. In the civil war he was a member of Co. C, Eighth Wisconsin volunteers. This company will hold a reunion here next week and hope to have the venerable soldier and patriot from Eau Claire with them.

A third assessment amounting to \$60,000 has been ordered by Judge Fruit for the Little Yellow drainage district. The order was issued on the suit of 95 per cent of the property holders in the district.

## ROOSEVELT URGES POWERS TO AGREE

## TAKES STEPS FOR PEACE IN EAST

Rome, June 10.—The Italia prints an interview with M. Kroupensky, charge d'affaires of the Russian embassy, who says there is no possibility of negotiations for peace, nor is there a likelihood even pour parlers for the cessation of hostilities.

Washington, June 10.—An identical note, the text of which by authority of the president is made public at the White House by Secretary Loeb, has been forwarded to the governments of Russia and Japan by President Roosevelt. The following is the text of the dispatch as given out. It is dated June 8th:

## Time to Quit Fighting Has Come.

"The president feels that the time has come when in the interest of all mankind he must endeavor to see if it is not possible to bring to an end the terrible and lamentable conflict now being waged. With both Russia and Japan the United States has inherited ties of friendship and good will. It hopes for the prosperity and welfare of each, and it feels that the progress of the world is set back by the war between these two great nations. The president accordingly urges the Russian and Japanese governments, not only for their own sakes but in the interest of the whole civilized world, to open direct negotiations for peace with one another.

## Suggests Direct Negotiations.

"The president suggests that these peace negotiations be conducted directly and exclusively between the belligerents; in other words, that there may be a meeting of Russian and Japanese plenipotentiaries or delegates without any intermediary, in order to see if it is not possible for these representatives of the two powers to agree to terms of peace. The president earnestly asks that the [Russian or Japanese] government do now agree to such a meeting and is asking the [Russian or Japanese] government likewise to agree.

## Uncle Sam Willing to Help.

"While the president does not feel that any intermediary should be called in in respect to the peace negotiations themselves he is entirely willing to do what he properly can if the two powers concerned feel that his services will be of aid in arranging the preliminaries as to the time and place of meeting. But if even these preliminaries can be arranged directly between the two powers, or in any other way, the president will be glad, as his sole purpose is to bring about a meeting which the whole civilized world will pray may result in peace."

## REPUBLIC THE MOST LIKELY

Norway Can't Get a King from Neither Sweden Nor Denmark.

Copenhagen, June 10.—All hope that King Oscar or Crown Prince Gustave will yield to the request of the Norwegian storting to place a prince of the house of Bernadotte on the throne of Norway has now disappeared, according to a high authority. The Danish royal family has also set the stamp of disapproval on the acceptance of the throne by a Danish prince.

It is understood that arrangements are actually being made for a national convention in Norway, and this, it is believed, will inevitably result in the declaration of a republic. According to well informed persons here Russia and Germany will refuse to recognize the Norwegian government until King Oscar consents to the disruption of the union. Strong efforts are being made to secure similar action by other governments, including that of Denmark, and it is stated that these efforts are meeting with encouragement.

The Norwegian press and people, according to advices received here, remain undemonstrative. Premier Michelsen wants no demonstrations and has refused to permit a large procession of Christians in approval of the action of the storting. In refusing the premier said: "It is too early to claim a victory which has not yet been definitely gained. Our most serious difficulties are probably ahead."

Thousands of telegrams from all parts of the world are pouring in on Premier Michelsen and the storting. Many of them coming from the United States and South Africa. King Oscar is quoted as saying that he would avoid war at any cost.

Christiania, June 10.—The most interesting development of the situation here is the hoisting of a new national flag—or rather not a new flag, but a bit of the old flag with the emblem of the union eliminated. The flag of the union was a scarlet ground with a blue cross imposed thereon. In the upper left hand corner was a square containing the union which consisted of a cross with the horizontal bar yellow and perpendicular bar blue. This was the union emblem, and in the flag hoisted by the new government this emblem is eliminated, leaving the flag red ground with blue cross outlined along its edges with a white stripe. Thirty thousand persons saw the old flag come down and the new one go up and the cheering was tremendous.

Mrs. Parker of Viroqua was in town Thursday to attend the Nixon-Newman marriage.

## MORTON HEADS THE EQUITABLE LIFE SOCIETY

## "STANDARD OIL" IS IN CONTROL

New York, June 10.—Paul Morton, who resides from the secretaryship of the navy on July 1, has been elected chairman of the board of directors of the Equitable Life Assurance society. His election marks the first and most important step in the reorganization of the society, and was followed by the tender of the resignations of President James W. Alexander, Vice President James H. Hyde, Second Vice President Gage E. Tarbell, Third Vice President George T. Wilson, and Fourth Vice President William H. McIntyre. Morton, as explained by Senator Depew, was the unanimous choice of the board of directors of the Equitable. The new chairman, to further quote Senator Depew, did not consent to take office until he had received positive assurances that he would have a "free hand as to measures and men."

## Hyde Divests Himself of Control.

Hyde "divested" himself of the majority control, but as made clear in his letter to the board retains a substantial interest in the society. All of the resignations submitted to the meeting are subject to the pleasure of Chairman Morton, and none has yet been accepted. Just what action Morton will take as to these resignations was not disclosed, but it was strongly intimated that President Alexander and Vice Presidents Tarbell, Wilson and McIntyre retired with the belief that their executive relations with the Equitable had ended.

## Thomas F. Ryan in the Deal.

The interests to which Hyde disposed of his stock number some two score individuals, led by Thomas F. Ryan, vice president of the Morton Trust company, which has close relations with the Mutual Life Insurance company, one of the Equitable society's principal rivals. Ryan is said to be heavily insured in the Equitable, as are, according to report, many of the others who acted with him in the purchase of the Hyde holdings. The price paid for the Hyde estate stock, which is to be trusted practically in perpetuity, was not disclosed, but estimates vary from \$2,500,000 to \$5,000,000.

GROVER CLEVELAND A TRUSTEE  
One of the Men Who Will Hold and Vote the Majority Stock.

The men requested to hold the majority stock by Ryan are ex-President Cleveland; George Westinghouse, of Pittsburg, and Morgan J. O'Brien, re-

cently elevated to the chief justiceships of the appellate division of the supreme court of this district. Ryan is the acknowledged head of the Metropolitan Traction companies, and only a fortnight ago induced Morton to ally himself with this interest as the operating chief of the New York City Railway company, by which title the Metropolitan surface lines and their affiliated companies in Manhattan and the Bronx are corporately known.

Concerning the purchase of the Equitable stock and the disposition of it Thomas F. Ryan said: "In connection with some other policyholders who, like myself, have never had any relations with the Equitable except as policyholders, I have purchased from Mr. Hyde a majority of the stock of that society. We have made this purchase for the sake of putting an end to the present unfortunate condition of the company's affairs. \* \* \* We purpose, upon receiving the stock, to immediately divest ourselves of all voting power and accomplish in substance and effect the plan of mutualization already approved by the superintendent of insurance."

"We propose to do this by conveying the stock to a board of trustees composed of men of such character as to command universal confidence and having no connection with Wall street, with power to vote the stock for the election of directors—as to twenty-eight directors in accordance with the instructions of the policyholders of the society, and as to the remaining twenty-four directors in accordance with the uncontrolled judgment of the trustees."

"This will at once accomplish the object of putting the control of the company in the hands of the policyholders and will eliminate entirely the one-man power to which so much objection has been made. I have already asked ex-President Cleveland, Justice Morgan J. O'Brien, presiding justice of the appellate division of the supreme court of this department, and Mr. George Westinghouse, of Pittsburg, to act as trustees of the stock. The last two named are among the large policyholders of the Equitable."

Because of complaint of my competitors, I have been obliged to remove my Shoe Shining stand from its place next the Heil Shoe Co., on the corner of 4th and Main streets. I now located in Webb's barber shop. I offered the person who made the complaint \$150 to withdraw it, but he would not, because my work was so good he was losing his trade.

I ask my old friends to call on me at Webb's, where I am now shining them up, better than ever.

Respectfully,

## PHYSICIANS AND FRIENDS ENJOY OUTING ON RIVER

### Severe Storm Did Not Dampen Enthusiasm; Convention Ended at Noon Today

Delegates to the State Medical society which concluded its convention here today are leaving the city. On all of the morning and afternoon trains large numbers of physicians left and some of the doctors left last night and yesterday afternoon.

It is generally admitted by the members of the Medical association today, however, that the convention at La Crosse has been one of the most successful of any in the history of the association.

From the time the physicians arrived in La Crosse, until the adjournment of the convention at noon, nothing but praise has been heard on every hand.

Last evening the visiting physicians and invited guests were treated to a "moonlight" excursion on the Mississippi by the local association, on the palatial excursion steamer, "W. W." of the Acme packet line which made its appearance at La Crosse for the first time yesterday.

Embarking at sharply six o'clock the jovial crowd of medical men accompanied by their friends cruised up and down the Mississippi until ten o'clock.

Despite the severe storm the crowd of merry makes thoroughly enjoyed

themselves and there was not one in the entire 1,500 who attended who expressed anything but pleasure.

Kreutz's full La Crosse orchestra furnished music for dancing and the large dancing hall on the vessel was crowded with dancers during the trip. The music which was especially fine was directed by Prof. Moritz Langstad, former conductor of the orchestra, who is spending a few days in La Crosse on a short business visit.

A large crowd of the physicians, embracing a great number of those from Milwaukee gathered upon the upper deck of the barge and sang comic and patriotic songs. Some of the selections which were in German and directed by Dr. Charles Sheldon, the secretary of the association, were extremely entertaining and not only provoked laughter, but applause from the assembled audience.

Refreshments were served on board the boat and cigars were distributed. The boat returned to La Crosse at 10 o'clock but a large party composed of visiting physicians and lady friends remained on board where a dance was continued.

After leaving the boat the physicians were invited to the La Crosse club where they were entertained by the local association.

## LOBBY TRIES TO BUY UP NEWSPAPER MEN AT MADISON

(Special Tribune Dispatch.)

MADISON, Wis., June 10.—In these last strenuous days of the legislative session there are circulated frequent violent and unconfirmed rumors to the effect that money is being freely used to defeat certain contested bills. There has been perhaps less of this kind of talk during the present session than formerly but there appears to be ground for a well developed suspicion at least that some interests have been willing to spend large sums of money to push or defeat measures in which they were interested. There has been no rumors of corruption or bribery of members that would warrant reflecting in public print, but that money is available is known generally to newspaper men, for to them money has been directly and indirectly offered for their influence for or against various controverted propositions. Such a measure was the bill to empower the state board of medical ex-

aminers to revoke the licenses of objectionable physicians. Another is the bill being pressed by Insurance Commissioner Host to require all old line life insurance companies to make distributions of their surplus funds among the policy holders not less frequently than once in five years. Newspapermen have been approached with offers to "pay you well for your time" if they will assist by their writing the interest making the offer. The agent assumes a friendliness and an honest manner that is clever. He does not propose to buy the writings of the reporter but suggests that the correspondent, being well acquainted personally with the members, might do good work "in this just cause" by speaking to them, and any expense or loss of time in such work is offered full and liberal remuneration. Such offers involve figures of from \$25 or less to \$300.

## STRAWBERRIES ARE NOW SCARCE

Strawberries are very scarce now on the local markets and will be for a few days until the home grown berries supply the market. A short time ago they were very plentiful, being shipped in from southern states, but the season at present is against shipping as they spoil before they reach here, and local berries will soon be on the market which is against large shipments. Strawberries are now fifteen cents a quart and few are to be purchased at that price. The predictions are that the local crop of berries will be good this season as already they have made their appearance and are of a very good quality.

Oranges are a rare fruit at present the season for them being about closed. The Fourth of July is usually the end and at present there are not many good oranges for sale and the price is forty cents a dozen. The oranges on the market now are from the cold storage and when they are taken into the warm open air they soon spoil.

Bananas are more plentiful than a week ago but the price still remains high, which is due to the banana trust. They are a little green but after ripening are very good and sell for from twenty to twenty-five cents a dozen.

New home grown peas made their appearance on the market today for the first time this spring and are retailing for forty cents a peck. Rhubarb, radishes, onions, lettuce and spinach remain at the same price, selling for five cents a bunch. Asparagus is ten cents a bunch or three for a quarter. All are very plentiful and of a fine quality.

The prospect is at present good for the apple crop this fall. The trees are hanging full with them and they are now larger than the end of the thumb. The outlook is also very good for red cherries and other fruit as they were too far along to be injured by the frost of a few weeks ago.

Texas tomatoes are worth a shilling a pound and pineapples are very plentiful and sell from ten cents to fifteen cents each according to size.

Cucumbers retail for five cents each which is a long drop in price from a short time ago when they were selling for twenty-five cents each. New apricots are worth ten cents a dozen.

Lemons are good and there is a large supply on the market. The price is from twenty to thirty cents a dozen.

## CHARGE TEAM- STERS' TRUST WILL BE FORMED

Small teamsters of the north side declare that an effort is being made upon the part of the big teamsters of the city to buy up sufficient teams and wagons to control the teaming business in the city and that the small teamsters will thus be shut out of business. They assert that C. M. McDonald has already secured six teams and that others are buying up large numbers.

De quickest ting dat you eber did see,  
And it struck me just where I feels  
my lunch.

Ob cose I yelled, cause it surely hurt,  
But de doctah he didn't mind it a  
bit,  
Just stood dere smilin and says real  
cure,  
"Her pendix is wrong, I'll get after  
it."

And den—well say—my har just riz,  
I'd heerd befo ob dem knifin bees,  
An I wasn't anxious to have "Poor  
Liz"  
Writ on no tombstone neath de  
trees.

I just gabe a bound and out I went,  
And I ran like mad trough the cool  
night air,  
Till I butted right into de Voodoo's  
tent  
Where de hants and de goblins weab  
many a snare.

I near turned white wid de awful  
skeer,  
Fo I felt my hous was numbered  
sure.  
So I flopped right down on my knees  
in fear,  
Lak Brudda Smif when he visits de  
poor.

"Oh Lawdy dear, look down on dis  
chile,  
An keep her out ob der doctahs  
hands,  
And keep dose goblins and hants so  
vile,  
From tying her up in dere Voodoo  
bands."

Oh Lawd, I know dat stealing a hen,  
Or pluggin a millyon aint de right  
life,  
But gib one mo chance to yo suffer-  
in friend,  
And keep dat doctah from usin his  
knife."

Den I kep on prayin and shakin and  
yelpin  
Tell de Voodoo woman near went  
mad,  
And she said to me, "Deze charms  
aint helpin  
When folks feelins is so bad."

"Fo even dese yarbs don't hab no

Wid out de chile forgets her fright."

So I sat right down by the fire dere,  
Known for sure I was safe and

And I watches her makin the chams  
wid care,  
Wid hants and goblins all around.

She took some har and a rabbits foot,  
And rammed it down in de toe of a  
boot,  
Den sed some words and wrapped it  
fine,  
"In a bit ob flannel as red as wine."

Den she sed, "drink dis," and she  
handed me  
A steamin bowl of sassfras tea,  
A dose of snake oil was de next I got,  
And den she toted me cross de lot,

And tuck me all warm in bed,  
And put dat cham right neath my

And she says to Mammy real soft and  
low,  
"Yo lamb am safe now, I kin go."

Next morning I woke up well and  
strong,  
And happy, well, I was somefin gay.  
For do, I punched myself good and

Now dat was my case, and as you can

ical convention will be of interest to  
many as the ladies are all known to  
many in the city. Mrs. Snyder is the  
sister of Mrs. Fred Smith of the Stod-  
dard. Both she and Miss San Souci  
were her guests early in the week.

"Mrs. Jane Huntington Yale is the

"The work of Miss Gertrude Sans

es, sung by Mrs. F. H. Snyder, St.  
Paul.

"Mrs. Jane Huntington Yale was  
greeted with hearty applause on her  
appearance, having many old friends  
in Winona. She has recently spent a  
year abroad under the finest masters,  
and her voice shows a marvelous  
sweetness and a delightful control of  
the lower tones. Her selections were  
most artistically given, her enuncia-  
tion being exquisitely clear. She was  
received with enthusiasm and was per-  
fectly accompanied by Mr. G. H.

Prejudice Often Bars  
Cure

Prejudice installed by old-time cus-  
toms and ideas of those content with  
the ordinary methods of treatment  
that have been supplanted by modern,  
successful, scientific measures, is of-  
ten responsible for delay and the pre-  
vention of cure.

Those of our citizens and neighbors  
who have been cured by the scientific  
treatment given by Dr. Turbin of Chi-  
cago are astonished that they allowed  
themselves to be so long dissuaded  
from taking advantage of his skill. Dr.  
Turbin is master of abdominal, pelvic,  
genitourinary and all chronic, nervous  
and special diseases of both sexes.

All who have availed themselves of  
his skill, have found in the doctor the  
true qualities of advanced science and  
the attributes of courtesy which en-  
title him to the respect and confidence  
of the community.

It is to the advantage of every chro-  
nic sufferer to consult the doctor be-  
cause his exceptional diagnostic abil-  
ity enables him to point out the true  
source of cure in many cases which  
have baffled others of his profession.  
Insurable cases the doctor does not  
accept for treatment, but many hun-  
dreds of sufferers pronounced incur-  
able by other physicians, have been  
restored to health by Dr. Turbin.

The trickery of an army of medical  
sharks is so common that the motives  
of a worthy and capable man are a  
source of gratification and the doctor  
has certainly gained the esteem of the  
people in this section of the state and  
he may be consulted with the same de-  
gree of assurance and confidence as  
the regular family attendant. Consul-  
tation is free.

Dr. Turbin will be in La Crosse,  
Monday, June 19th, at the Hotel La  
Crosse.

Was a Breed of  
Soldier

Darlington, Ind., June 10.—Mrs. S.  
S. Martin, of this place, is one wo-  
man who has had her full share of war  
and rumors of wars. While a small  
girl her parents regaled her with  
stories of the revolutionary war, in  
which her grandparents had taken  
part. She remembers her brother as  
he started for Mexico, never to re-  
turn.

Then came the firing on Fort Sum-  
ter, when she saw her husband enlist;  
only coming home to remain perma-  
nently at the close of the war. Then,  
when the call came for volunteers in  
the Spanish-American war, her young-  
est son was among the first to enlist,  
so that she has felt the pangs of war  
through her entire life as a child, wife  
and mother.

## THREE DAYS OF ACTIVITY FOR VETERANS OF WARS

### Headquarters Estab- lished--Registra- tion System

The program for the state encampment of the Grand Army of the Republic, Spanish War Veterans, Sons of Veterans and ladies' auxiliaries has been completed and shows a time of great activity. From Tuesday morning until Thursday evening there will be several meetings in almost constant session.

Tuesday morning six sessions will be on at one time. Tuesday afternoon the grand parade will occur, the united veterans and relief corps parading through the principal streets. Commander-in-Chief Blackmar is expected to be present for the opening of the session. On the evening of Tuesday a big "campfire" will be held at the La Crosse theatre at 8 p. m. Wednesday and Thursday will be devoted almost entirely to business.

All reunions will be held at the Fourth street park, where the bureau of information and registration will be situated.

### PHENOMINAL REAL ESTATE SELLING

### New Firm do a Fine Business Thursday and Friday

La Crosse is being treated to a dose of up-to-date real estate selling. Moore & Busnell whose specialty is selling building lots on easy terms, are now engaged in disposing of 160 lots comprising what is known as the Anderson addition. This property fronts on Market street, Winnebago street, Mississippi street and Jackson street, one block east of the Hogan school.

These lots are being sold on the surprising easy terms of 75 cents per week and as a result of their advertising business has been brisk in spite of rainy weather.

Salesmen will be on the property all day Sunday and free carriages will meet all cars at Sixteenth and Market streets to drive visitors over the property and Mr. Busnell predicts a large number of sales tomorrow.

Anderson addition fills a want that has long been felt in La Crosse as it enables the working man or any person of moderate means to secure a home-site on terms that are so easy that the money investment would scarcely be missed.

Seventy-five cents, as a cash payment, secures an unsold lot on the addition and then the purchaser can pay the balance at the rate of 75 cents or more per week. They charge no interest. They pay the taxes for three years and payments are suspended in case purchaser is sick or injured. This firm deals in sub-division very extensively, having thousands of pleased customers on their 75-cents-a-week plan, in many cities from Texas to New York.

We feel that their proposition is well worth looking into by the saving industrious class of La Crosse citizens and we look forward to Moore & Busnell breaking all La Crosse records for fast real-estate selling.

Their office is at 104 North Fifth street and is open until 9 p. m. daily.

The excursion steamer Columbia Thursday took the Retail Butchers of Winona on an excursion to Trempealeau.

### STOCK REDUCING SALE OF WASH FABRICS

Monday we place on sale about 20,000 yards of Wash Goods, this season's make, all desirable clothes, styles and weaves. It is nothing more than a case of overbuying. Tempting values were put before us early in the season. We could not well afford to let them slip. We bought very liberally and as the season has been off in many respects we find ourselves with entirely too large a stock on hand. We are determined to reduce the stock and therefore make the most radical price reductions on desirable Wash Fabrics ever made before in this city.

For the convenience of our patrons we have grouped them in lots.

**Lot 1** 2000 yards Satin Lawns, double fold Percales, Batistes and fine French Challies, worth 10c per yard, for this sale only 5c per yard.

**Lot 3** Our entire stock of plain and fancy voiles, fine colored swisses, dimities and batistes, former prices were 12½ and 15c per yd to close we offer the lot at 10c.
